

Yachtprojects International presents

FCI WATERMAKERS

THE DIFFERENCE IS CLEAR

YachtProjectsInternational

Press release

FCI Watermakers and Yachtprojects International team up in UK and Europe.

YachtProjects International have taken on the role of Sales, Service and parts supply for FCI Watermakers in the UK and Europe.

Clients of both companies have enjoyed many years of faultless service, FCI customers can now benefit from faster response and service in Europe and YachtProjects clients will benefit by having yet another world class product available under the same banner they know and respect.

The companies ethos compliment each other as both are passionate about providing world class products and fast, efficient service. We both are always ready to answer questions and tackle whatever challenge our diverse client base can find for us. Flexibility and the open mind to find a solution for a given challenge means we are well versed in streamlining a new build or retrofit , finding products that compliment each other in the engine room and that are all leaders in their respective fields. The FCI range of plants can make from 200 to 264,000 gallons a day and the addition of in house spot free components complete the solution.

FCI Watermakers join our partners, Headhunter Inc, WET Marine, Optimarin, Yacht Samples, Superyacht Rubbish, Wills Ridley, Sepcho, Penzance Dry Dock, SEAL ECDIS Allowing us to offer modern and approved services for:-

- *Black and Grey water treatment
- *The complete Potable water solution, from desalination, pumping, testing for purity to
- *producing a healthy and beneficial drinking water
- *Onboard tank monitoring and level equipment
- *Onboard efficient waste management
- * Marine Hydraulic Steering Gear
- * Load Banks
- * Touchscreen ECDIS
- * Yard Services
