

Nauti-TV

IPTV - Affordable TV, Movies & Box sets via the internet

How does IPTV work?

1. Internet is required *
2. We provide you with a small box via the mail
3. When the box is received - plug into your TV, Internet and power. Then a quick telephone call with one of our support team to adjust the settings
4. Then sit back and relax!

Details;

- 600 plus TV channels from all over the world : *Full channel list available on request. (most below)*
- "Video Club" which gives you access to some 2000+ Movies.
- TV box sets. All updated every day
- Radio from around the world.

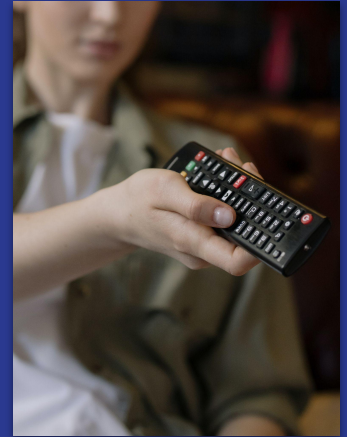

*Bandwidth restrictions and data limits need to be considered. Whether it be Home, Ship VSAT or 4G :
We can help you manage your bandwidth via our Nauti-Firewall "SeaWall"

* We offer a request service for movies & channels

* TV channels include many catch up versions in various definitions

* Specify the plug you require (US/ EU/ Asia)

\$US 449 per annum (available for min of 1 calendar month, charged pro rata) + hardware approx \$US150
Available Globally - (UK requires a VPN (hardwire & subscription))
