

Headhunter Inc

Black, Grey and Potable water Systems

VIA YachtProjects International

Headhunter Inc services in Europe

YachtProjects International LLC is the approved service and sales center in Europe for HEADHUNTER Inc sanitation systems and water management solutions.

Our sales team have over 50 years of experience in what is required and we keep our fingers on the pulse of new technology and regulations

No job is too small or too large with clients ranging from 10 to 120M vessels.
River boats, trains and RV's

We are the ultimate source of reliable and approved equipment for
The sectors we cover

HeadHunter Inc Products

- Sewage Treatment Plants and Systems to the current IMO standards
- Wastewater collection and transfer systems for sewage, grey water, and air conditioning condensate
- Water pressure, delivery and filtration systems
- Tank Level Indication
- Marine Toilets
- Grease traps for treatment of galley wastewater before discharge
- Electrical Controls for onboard automation of these applications
- Complete integrated skids, engineered for your application

HeadHunter Inc Products

Today the products can be found far beyond the gleaming interiors of luxury yachts where they started. Headhunter system solutions are found on:

- Offshore oil rigs, supply boats, tugs, workboats
- Commercial fishing vessels
- US Army and Navy vessels
- UK Royal Navy Facilities
- Ecotourism excursion vessels
- Mini and ultra-luxury cruise ships
- Research and polar code vessels
- Foreign navies vessels
- Trains
- RV's

HeadHunter Inc: Services

YachtProjects International are able to support all HeadHunter Inc systems on your vessel where ever it is in the world;

We have bases in UK and Spain with a comprehensive parts stock in each

Our technicians are available at very competitive rates to install, oversee installation and commission new systems to activate warranty.

We can service your needs on a one to one basis or offer an annual service contract to fix costs.
